Stage

Stage Dimensions

Width:	6 meters
Depth:	5 meters
Height:	0,6 meters
Headroom:	approx. 3 meters
Drumriser:	3 x 2 meters

Power connections on stage

1 x CEE32

4 x 16A protective contact socket (stage power) incl. PRCD-S protection distributor + flexible sub-distribution

The entire power supply has 4 RCDs (ground fault circuit interrupters).

Backstage

The backstage is located in the immediate vicinity of the stage. There is direct access from the backstage to the stage - approx. 6 meters over the covered outdoor area, which is not accessible/viewable for concert visitors.

Equipment Backstage

2 x large refrigerators

5 x chairs

2 x large tables

2 x sofa

Production office

The production office is located in the backstage.

1 x table, 2 x chair, 1 x internet connection (WiFi)

WC/Shower

A sanitary area with a shower and WCs is available, directly accessible from the backstage area via a spiral staircase.

Catering for Artists/Crew

Food/drinks for artists, crew, technicians will be organized by the event management. The built-in kitchenette can be used.

Parking facilities

We have our own parking spaces for approx. 4 cars/ 2 vans

The load-in/load-out is done through the main entrance. The hall has large and wide folding doors of about 1.6 meters, which allow easy access. The distance from the street to the stage is about 30 meters.

We do not have a parking space for nightliners, so no nightliner shows are possible!
